

This unleaded fuel is a lower priced alternative than the competition. MOTO X 4s has a motor octane of 96, which makes this an excellent performer in stock to modified 4-stroke engines. MOTO X 4s provides excellent throttle response and hp over premium pump gas. 4s also performs well in street bikes and is a California CARB street legal unleaded racing fuel. MOTO X 4s is not for use in 2-stroke applications.

Applications; motocross, desert, road racing, ATV, PWC, snowmobiles & carts.

<u>Property</u>	<u>Typical Value</u>
Motor Octane	96
Specific Gravity at 60/60 °F	0.724
Reid Vapor Pressure at 100 °F, psia	6.99
Distillation Range at 760 mmHg, °F	
Initial Boiling Point	99
10%	150
50%	210
90%	215
End Point	240
Leaded	NO
Oxygenated	YES
Color	Gold

F & L Racing Fuels are 100% petroleum derived hydrocarbons and are designed to meet the fuel regulations of most sanctioning bodies. They contain detergent additives, corrosion inhibitors, and antioxidant additives that are added in concentrations similar to those found in commercial fuels.
